

THE
ENTERTAINING TALES
OF TABBY, PRISSY & PEACHES

BACKGROUND

Grandmother Tabby lives in a small village outside New Oak City. Her husband, Tobias Whiskers, is village mayor and that makes her the leading society lady of the town. She entertains frequently and has always been able to do so appealing both to the people from the city and the people from the country. She has two granddaughters who are cousins-- Prissy and Peaches. She taught them all the social etiquette they needed to know and how to be kind and helpful to people. They adore their grandmother and help her with her many social occasions.
